

Northstar Studio

Complete onboarding pack - expected result: COMPLETE

Company name	Northstar Studio
Primary contact	Alex Morgan
Contact email	alex@example.com
Service requested	Client onboarding automation
Budget	USD 2,400 fixed-scope pilot
Target launch date	30 September 2026
Project summary	Build a secure intake workflow that validates a client brief, extracts operational details, records a review result and prepares a reply for human approval.
Dependencies	Google Sheets access, Gemini API credential, approved onboarding checklist and one reviewer.

All eight required onboarding fields are present and consistent with the submitted form.

Demonstration notice: This brief is fictional and contains no real client information. Any follow-up generated from it must remain a human-approved draft.
